

DANIEL E CORCORAN

Daniel@studioDEC.com 206.297.0962

814 19th Avenue Seattle, WA 98122

SUMMARY

I have over 10 years of experience in architecture, construction, and construction management, with a wide range of abilities dealing with managing and working with groups. Skills I have developed include building & zoning code research, architectural design, detailing, hand and computer drafting (Archicad 8.0), permitting, scheduling, estimating and coordinating of fast-paced construction projects, both in-office and on-site. Familiar with both Windows and Mac platforms (MS Word, Excel, Photoshop, Acrobat). Proficient at multi-tasking, presentations, and consensus building.

EXPERIENCE

2001– Current Studio DEC Seattle, WA
Sole Proprietor

Residential remodel and small commercial Architecture practice. Specializing in remodel/additions to older Seattle area homes, condo/loft remodels, and tenant improvement projects.

- All aspects of operating a small design firm: marketing, accounting, client interface, design, drafting, permitting, construction administration, running multiple jobs at the same time.

2004 September-November Smash Design Seattle, WA
Project Manager, Trinity Nightclub Remodel

Project Manager for a large lounge/nightclub project at fast-paced interior design-build firm.

- Responsible for implementing design/details, selecting subcontractors, budgeting, scheduling, on-site managing of Smash's install team of carpenters, scenic painters as well as owners subcontractors.

2004 Spring The Production Network Redmond, WA
Project Manager- MS Home Updates

Project Manager for a 7-week design-build project for the Microsoft Home of the Future on the Microsoft Campus.

- Responsible for selecting subcontractors, budgeting, scheduling, and managing TPN install team at the client's site for a fast-paced project.

2000– 2001 June The Production Network Seattle, WA
Project Manager- Office Renovation

Owner's representative to Contractor on \$2.8 million Design-Build project involving relocating a 1928 warehouse via barge and converting it into 22,000 sf of award-winning office space.

- Responsible for selecting, scheduling & managing subcontractors to build various items in building and implementing in-house designs for various portions of the project.

- Assisted in coordinating and planning moving 80+ person firm into new facilities, and acting as interim office manager for 3 months.

1997—1999 Leavengood Architects, A.I.A. Seattle, WA
Architect Intern

- Worked on a variety of building projects in a small, growing architecture firm. Programming, design, drafting (ArchiCAD), and detailing, developed pre-design manual for large state college project.
- High-end ranch/resort work in the Rocky Mountains, historic preservation projects and college buildings in Washington State.

1995—1997 Smithsund Architects, PS. Seattle, WA
Architect Intern

Worked on a variety of building projects in a small architecture firm specializing in retail banks.

- Project management including: schematic design, hand drafting, detailing, and on-site construction administration under tight timelines.
